

CONTACT US

BASIC CONTACT INFORMATION

For any support issues, the certified **LIFTOFF Business Plans Coach** you work with is your main point of contact, so there will be less confusion that may arise if different individuals have different recommendations to share. Each certified **LIFTOFF Business Plans Coach** operates their own consultancy to help clients with planning challenges. If you are having problems with getting in touch with your coach, please let us know by email, below.

I also operate as a certified **LIFTOFF Business Plans Coach** in my local area, but I mostly focus on technical support for the software itself (a coach's coach). I have my own Facebook groups for clients that I serve directly, which is by invitation only, not for casual dialog, but for organized group coaching programs. In the group you can comment on whatever you want help with, but keep in mind that information shared within the group may not be confidential.

For information about the software that you cannot find answers for,

email me at: frits@liftoffbusinessplans.com

on LinkedIn: www.linkedin.com/in/fritsbos

on Facebook: www.facebook.com/frits.bos

I will do my best to get back to you in a timely manner. If you have lost contact information for the certified **LIFTOFF Business Plans Coach** you work with I will try to forward you email if you provide some information about who you are trying to reach, so that your coach will be able to provide you with the proper contact information by reaching out to you.
